

COSYMO

the benchmark for luxury seating

fully customizable to any dimensions

new
product

The **COSYMO** presents a new wave of modularly-built sectional sofa seating.

features:

The shape of this sofa is defined by **firm leather upholstery** along the outside of the seats. The combination with high quality fabrics on comfortable cushions guarantees an inviting and high class seating solution.

Due to its modularity, **numerous seating layouts** can be created by combining elements. Seating elements available are: one-seater, two-seater, end-seat with fixed armrest, middle armrest, ottomans and chaises longues.

Diamond stitched patterns are applied to the inside of the outer arms and along parts of the middle armrests.

The straight **wooden parts** accentuate the unique shapes of the product and are available in different finishes such as RAL painted, custom wood veneers and CINEAK's exclusive high-gloss "tiger-eye" finish.

The inner armrests feature a **recessed back-lit in-lay table**, which can be used to place drinks, snacks, touch panels, etc. The inlay table is available in frosted glass and in Carrara or Crema Valentia marble finish.

The highly comfortable cushions consist of a **mix of foam flakes and down feathers**.
