MARBLE SIDE TABLES

Those exclusive side tables are made out of marble. Special cutting techniques have enabled us to produce a marble table that is transparent for an internal light source. The lamp inside can be dimmed, allowing the creation of the perfect theater scenery.

Three luxurious types of marble are available and for their base you can select from our minimalist or art deco design.

GLASS CONSOLES

Those consoles are based on the wooden part of the Fortuny chairs. The base can be matched with the wood on the chairs or it can be upholstered with the same leather or fabric. The glass part is available in plain or smoked safety glass.
