## Upholstery Fabrics

### Wicotex

A collection of textiles in contemporary colours, surfaces and structures allowing unique creative possibilities and combinations.

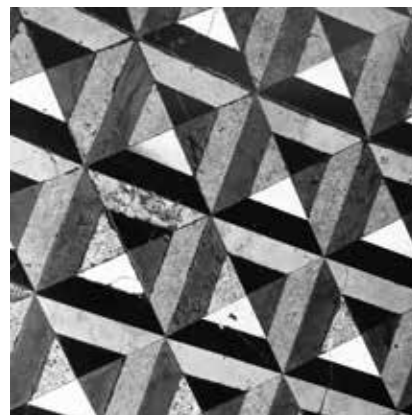

Also available with flame retardant and breathable PU membrane for use in areas with heavy wear, it also prevents liquids from absorbing into the upholstery.

The fabrics have an integrated stain protection and antimicrobial finish and are washable.

Wicotex® kir is a pile fabric with elegant shine. Pressure marks, shades and creases are typical properties of this product. They are more or less visible depending on the wear and the incidence of light.

#### TECHNICAL INFORMATION

Composition :	wicotex PRO: 59% Polyester 41% Acetaat
	wicotex KIR: 100% Polyester
Weight g/m2 :	wicotex PRO: 353 wicotex KIR: 370
Width in cm / inch :	140 / 57
Number of Colors :	24
Martindale :	50 000
Recommended Use :	Upholstery
