

The right mechanism for you ... depends on preferred seating comfort & room layout.

FEATURES

- The shape of this sofa is defined by firm leather upholstery along the outside of the seats. The combination with high quality fabrics/leathers on comfortable cushions (consists of a mix of foam flakes and down feathers) guarantees an inviting and high-class seating solution. Due to its modularity, combining elements can create numerous seating layouts.
- Diamond stitched patterns are applied to the inside of the outer arms and along parts of the middle armrests..
- The wooden armrest parts accentuate unique shapes of the product and are available in different finishes such as RAL painted, custom wood veneers, and CINEAK's exclusive high-gloss "tiger-eye" finish. The inner armrests feature a recessed "back-lit" in-lay table, which can be used to place drinks, snacks, touch panels, etc.

UPHOLSTERY

A wide variety of luxurious leathers, exclusive designer fabrics or customer supplied upholstery (COM/COL). Our collection of luxury, top grain leathers and exclusive designer fabrics offer our customers a wide wide variety of upholstery options with endless colors, patterns, textures, etc. Perforation and embossing of leather is available upon request.

MODULARITY = CREATIVITY

Modularity allows for extensive flexibility and freedom to make up a perfect and unique seating layout that meets design and personal requirements. Just like CINEAK's other products, COSYMO is modularly built and consist of different elements such as; seats, armrests, chaise beds, flexible arms, etc. in several standard or custom widths. With these elements, one can put together any preferred seating layout which perfectly fits your space.

Examples of possible layouts:

COSYMO

L-SHAPED SOFA

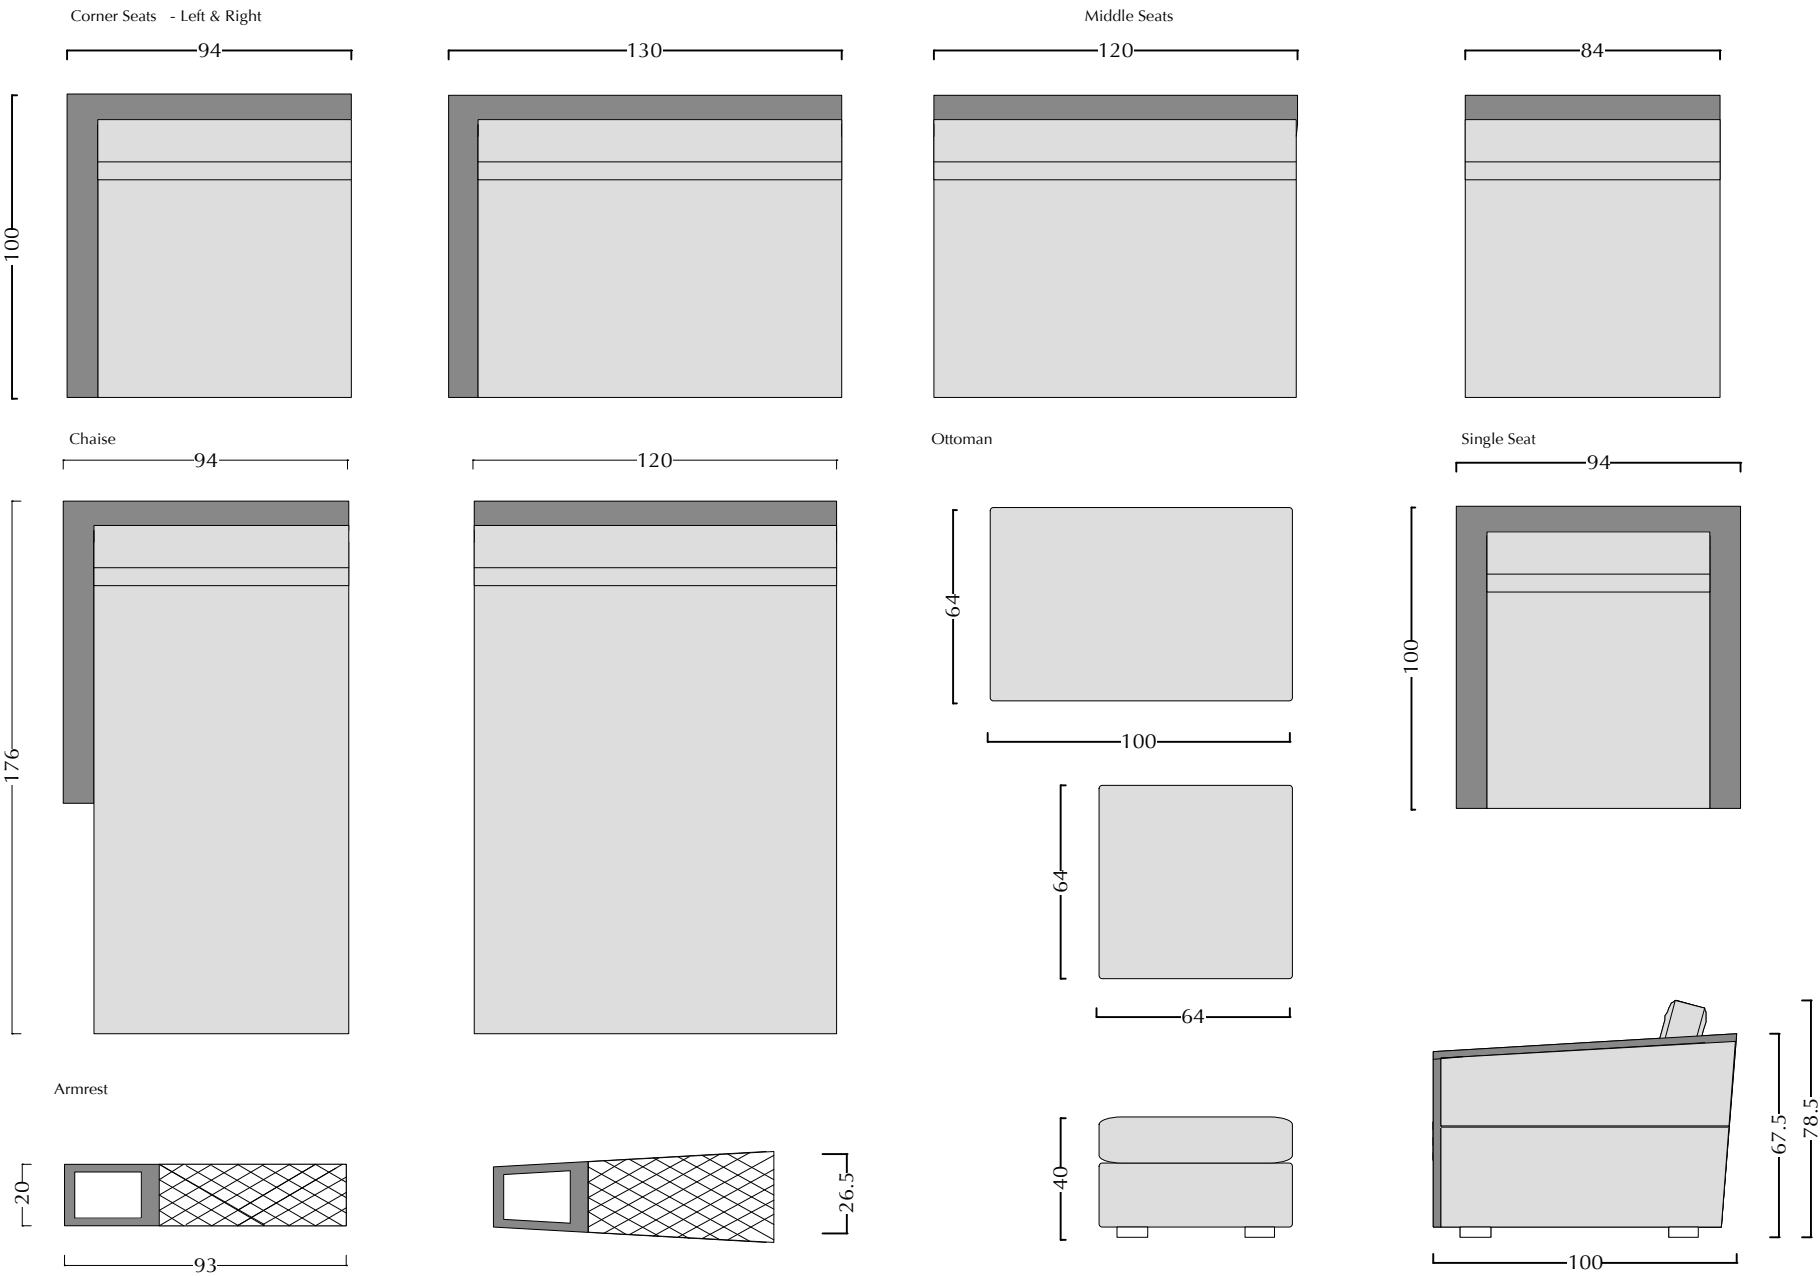

CHAISES

LOW & HIGH ARMRESTS

COSYMO

Cineak Europe

Seating Layout by CINEAK, www.CINEAK.com NOTE: All CINEAK products are custom made to order and hand-built - dimensions may vary and discrepancies will occur due to differences in foam thickness/density, covering materials, modularly adding seating parts and position of mechanisms. Allow small variances especially for modular configurations. CINEAK is NOT a room design nor acoustic AV engineering firm, it is the responsibility of DEALER to verify dimensions, layout specs and ALL aspects of seating to room - CINEAK does not take any responsibility nor can be held responsible for ANY issues other than quality and proper function of chairs manufactured to CINEAK standards. Dimensional information on products are estimates and may change over time. CINEAK suggests to verify dimensions at time of ordering.
