Unico Supersuede

Soft touch and stability, elegance and noblesse. This is Deus Unico Supersuede, a collection that has been created with the ultimate textile technologies in order to be ultra-soft and cozy, but also stain-cleanable because of its inner features. Moreover, Unico Supersuede is eco-friendly because it has not any kind of animal fibre.

Nabuk effect, but functional: Unico Supersuede presents the same aesthetic features of a nabuk fabric, but it is stain-cleanable and even more resistant.
